

Leadership Excellence Programmes – 2019

Leadership & Communication

Theme: Leading in a VUCA world

Programme Title: *Adaptive Leadership: How 21st Century CEOs can enrich their leadership perspectives and practices to suit modern business dynamics*

Date: 25th April 2019

Venue: Villa Rosa Kempinski Nairobi

Why this programme

The business environment is in flux, making it necessary for senior executives to adjust their leadership perspectives and practices in line with the new occupational realities. Business leaders must therefore focus on how their teams are performing within the context of the existing environment and institute change necessary to improve the quality of output across the business. In this programme we look at the changing business world, and how that impacts leadership paradigms?

Key Programme Outcomes

- Ability to lead effectively in a highly competitive and volatile business world
- Understanding business complexity and uncertainty
- Capacity to define essential change for business success
- Recognise communication as the centrepiece in Leadership
- Ability to exhibit team leadership that inspires and motivates
- Enhanced conflict management capabilities for better team dynamics

Who Should Attend?

- Chief Executive Officers, Managing Directors and other C-Suite Executives
- Senior executives, Directors and Heads of Departments
- Executive Directors, Directors-general

Duration: 1 day
