

Leadership Excellence Programmes – 2024

Coaching for Leadership Effectiveness: Leverage Coaching Approaches to Achieve Strategic Objectives

Research has shown that coaching is one of the most important and highly sought-after skill by business/organizational leaders because it not only improves their leadership effectiveness but also directly influences their capacity to perform at a very high level.

Enhance your capacity to apply effective coaching as a way of leading your teams and achieving organizational results by registering for our high impact programme. This programme takes participants through a practical learning experience that not only positions them for a fulfilling leadership journey but also empowers them to develop leaders in their teams.

Objectives

- To appreciate the theory and practice of coaching as a leadership effectiveness tool
- To understand how coaching works and its value to individuals and organisations
- To explore tried and tested coaching models and tools and how to use the same for improved leadership practices
- To learn effective strategies for building a coaching culture in your organisation
- To acquire knowledge and skills for developing and implementing workplace coaching programmes
- To identify actions needed for the incorporation of coaching as part of your leadership practice.

Who is this Programme for?

- Chief Executive Officers/Managing Directors
- C-Suite Executives/Executive Directors
- Heads of Departments and HR Leaders seeking to implement workplace coaching programmes

- Senior Managers seeking to improve the performance of their teams

Abridged Agenda

- Understanding coaching
- Coaching models and tools
- Measuring coaching ROI
- Creating and embedding a coaching culture
