

Leadership Excellence Programmes – 2024

Executive Mentorship: Grow by Learning from Leadership Gurus

The turnover of C-suite staff evident across markets and industries suggests that better support is needed for those at the top of organisations. Similarly, newly appointed non-executive directors are groping in the dark, literally, as they struggle to come to grips with their new highly demanding roles, some of which they are not fully prepared for. Some of the world's greatest leaders did not get where they are without the guidance of an outstanding mentor.

This programme gives participants the opportunity to get insights from proven C-suite and Board leaders and hear from experts who have walked the same path ahead of them. It is a life-changing and eye-opening experience like no other that would stand you in good stead in your current C-suite and board role.
